GOVERNOR'S WORKFORCE DEVELOPMENT DIRECTIVE NO. PY2000-05, Change 29

SUBJECT: The Forms Preparation Handbook.

1. **Purpose.** This directive transmits revised page A-1 of the Forms Preparation Handbook, which contains the income chart to be used in determining whether individuals meet the economically disadvantaged criteria of Title I of the Workforce Investment Act (WIA).
2. **Discussion.** Under Title I of the Workforce Investment Act of 1998 (Public Law 105-220), the Secretary of Labor annually determines the Lower Living Standard Income Level (LLSIL) for uses described in the Law. WIA defines the term "Low Income Individual" as one who qualifies under various criteria, including an individual who received income for a six-month period that does not exceed the higher of the poverty line or 70 percent of the lower living standard income level. This issuance provides the Secretary's annual LLSIL for 2006 and references the current 2006 Health and Human Services "Poverty Guidelines". **This income chart is to be used to determine low-income only. It is not to be confused with the issuance of the self-sufficiency income chart.**
3. **Action.** Subrecipients and staff should ensure that their respective eligibility certification staff uses the attached income chart in determining whether individuals meet the economically disadvantaged criteria.

These guidelines go into effect on the day they are published, June 1, 2006. Any participant determined ineligible on or after June 1, 2006, based on prior income chart levels, may be reevaluated. Revised page A-1 should be inserted into the Forms Preparation and Data Validation Requirements Handbook.
